Index by Subject

AIDS

AIDS and community health issues. S Cowell, p 253

Alcohol

Administration of the Michigan Alcoholism Screening Test (MAST) at a student health service. TJ Silber, M Capon, I Kuperschmidt, p 229
Physiologic response to blood alcohol level: A demonstration. JC Pereira, p 165

Biofeedback

Biofeedback: Is it for you? B Blai Jr, p 217

Book Review

Zwingmann CAA, Gunn ADG. *Uprooting and health: Psycho-social problems of students from abroad* (Reviewer R Freeman), p 176

Campylobacter Enteritis

Campylobacter enteritis in college students. BJ Murray, p 147

Chlamydial Infections

Epidemiological and clinical correlates of endocervical chlamydial infections in female university students presenting for routine pap examination. RL Haberberger Jr, DF Duncan, LE Frisch, D Narve, p 262

Circumcision—Female

Female circumcision: Perceptions of clients and caregivers. E Shaw, p 193

Contraception

The health belief model and the contraceptive behavior of college women: Implications for health education. NR Hester, DM Macrina, p 245

Dental Health

The development of a preventive dental clinic. EL Schattner, J LeValley, p 165

Dysmenorrhea

Effects of aerobic training on primary dysmenorrhea symptomatology in college females. RG Israel, M Sutton, KF O'Brien, p 241

COLLEGE HEALTH

Evaluation—Health Education/Promotion

A national survey of college health education/health promotion evaluation activities. DD Chervin, B Conant Sloane, p 205

Health Education

Attitudes, knowledge, and behavior before and after an undergraduate health and lifestyle course. DM McClaren, R Sarris, p 220

Healthy Lifestyling

Healthy lifestyling: A nontraditional approach to facilitating health-enhancing behaviors in university undergraduates. GC Hyner, CL Melby, p 264

Herpes

Knowledge and attitudes of university health service clients about genital herpes: Implications for patient education and counseling. JR Hillard, CL Kitchell, UG Turner, RP Keeling, RF Shank, p 112

Mental Health

Active suicide intervention by a campus mental health service: Operation and rationale. SS Dashef, p 118
Client evaluations of therapeutic processes and outcomes in a university mental health center. I Bugge, DD Hendel, R Moen, p 141
The college student psychiatric emergency: II Diagnosis and disposition (Editorial note by Leighton C. Whitaker). RA Perlmutter, AJ Schwartz, CB Reifler, p 151
Communicating the value of psychotherapy with college students. LC Whitaker, p 159
Facilitating mental health on college campuses: Consultation between university counseling centers and offices of residence life. M McLeod, T Tereek, M Wisbey, p 168
Guidelines for consultation with university personnel in student psychiatric emergencies. JC Moorman, JR Urbach, D Ross, p 91
Repression and other forms of cognitive evasiveness: Implications for stress symptoms in college students. AB Heilburn, A Chefitz, p 106
Student mental health from a layman's perspective. JS Harwell, p 131
Use of mental health care services in Finland by students in different fields of study. T Niemi, p 123

Mononucleosis

Role of steroids in the treatment of infectious mononucleosis in the ambulatory college student. M Collins, G Fleisher, J Kreisberg, S Fager, p 101

Osteoporosis

Opinions about osteoporosis among college women. JW West, LS Lieberman, p 259

Patient Care

The care of the patient. FW Peabody, p 210

Pharmacies

Dispensing medications at a small health service: An alternative to a dispensing pharmacist. ML McCutcheon, JL Anderson, R Carlson, p 266

Pseudofolliculitis Barbae

A pseudofolliculitis barbae clinic for the black male who has to shave. JG Galaznik, p 126

Psychoactive Drugs

Characteristics of college students who use psychoactive drugs for nonmedical reasons. AM Nicholi Jr, p 193
The nonmedical use of amphetamines among the college age group: Recent research concerning epidemiology and toxicity. AM Nicholi Jr, p 39
The nontherapeutic use of psychoactive drugs among the college age group: The sedatives and tranquilizers. AM Nicholi Jr, p 87

Proceedings and Abstracts of the Sixty-Second Annual Meeting

Abstracts, p 11
Awards, p 7
Medicine in institutions of higher education: A transatlantic view. B Juel-Jensen, p 35
Position statements, p 9
Presidential address. MM DeArmond, p 3
Resolutions, p 5

Student Health Issues

Challenges to change: Competition. P Rupprecht, p 128
College time: Implications for student mental health services. PA Grayson, p 198
Medicine in institutions of higher education: A transatlantic view. B Juel-Jensen, p 35

Student Issues

Student body 1984: A perspective. CM Lytle, p 179

TMJ-Dysfunction

TMJ-dysfunction symptoms among Finnish university students (Editorial note by Henry Lubin). S Eskola, P Ylipaavalniemi, L Turtola, p 171

Testicular Self-Examination

Development of a testicular self-examination program for college men. SK Ostwald, J Rothenberger, p 234

Vaccine Preventable Diseases

American College Health Association prematriculation immunization requirement. M Collins, G Bergy, M Bridwell, p 55
Measles and rubella immunity: A new requirement. JM Dorman, J Lahr, C Moore, p 81
Measles: Current status and outbreak control on campus. RW Amler, W Orenstein, p 64
Planning, implementing, and evaluating college-based immunization programs. SJ Barid, JJ Irvin, p 73
Process and results of an immunization requirement at the University of Rochester. RA Hopkins, KM DeMartin, CB Reifler, p 76
Rubella: Current status, diagnosis, outbreak control, and use of rubella vaccine in females of childbearing age. SR Preblud, p 67
University of Iowa mass immunization program. HG Feldick, p 84
Vaccine preventable disease on campus. KJ Bart, p 56
